

Flash Cards
for
Tibetan Consonants, Vowels,
& Variations

WARNING:

This file is set up for PRINTING flash cards. So the ODD NUMBER pages are “backwards” or “reversed” so that when printed on a single sheet of paper, the correct information “matches up”.

If you read this just “face up”,
it will seem incorrect (or at least
it should seem incorrect!)

Printing Tips:

1. Print EVEN pages first, 1-sided.
2. Take these printouts, and put them back into the printer, but turned over.
(usually, this means the already printed side face up in the tray)
3. Print ODD pages, 1-sided.
